

MHEI PHYSICIAN LEADERSHIP INITIATIVE

The Maryland Healthcare Education Institute (MHEI) is partnering with Loyola University Maryland, Sellinger School of Business to create a leadership development experience for Maryland physicians preparing them for building positive working relationships, becoming executive decision makers and leading organizations. This seminar begins September 2016.

Seminar Objectives

The specific objectives of the seminar are to:

- Introduce leading-edge thought on leadership
- Refine a set of personal leadership skills that will:
 - enhance organizational performance
 - offer a formula for individual success in both business and personal lives
- Facilitate a series of practical applications that are designed to move from theory to practice
- Resolve real-time issues and problems
- Create an opportunity for networking and peer problem solving among colleagues.

Instructional Approach

- Adult learners
- Guided discussions
- Real world experiences
- Application of theories and tools
- Current issues and problems

2015 Participating Companies
