

CMS Nursing CoPs for Hospitals: 2017 Update

Program Overview

Recently there has been increased scrutiny and surveillance to make sure all hospitals are in compliance with the hospital Center for Medicare and Medicaid Services (CMS) Conditions of Participation (CoPs). Every hospital that accepts Medicare or Medicaid must be in compliance with these regulations and interpretive guidelines.

This program will cover the nursing services section in the hospital CoP manual. Ms. Calloway will discuss the significant changes CMS has made to IV medication administration, blood transfusion, safe injection practices, compounding, beyond use date (BUD) and implemented safe opioid standards. This program will also reference other that nurses should be aware of such medication standards, verbal orders, history and physicals, visitation, restraint and seclusion and grievances, discharge planning standards, and privacy and confidentiality.

Program Objectives

At the completion of this program, the participants will be able to:

1. Identify the CMS nursing services that every accredited hospital must follow.
2. Describe the medications that must be administered within three different time frames.
3. Identify the sections of frequently cited nursing care plans, and recent CMS changes to those plans.
4. Discuss the various CMS requirements for verbal orders.

About the Speaker

Sue Dill Calloway has been a nurse attorney and consultant for more than 30 years. Currently, she is president of Patient Safety and Healthcare Education and Consulting and was previously the chief learning officer for the Emergency Medicine Patient Safety Foundation. She has conducted many educational programs for nurses, physicians, and other health care providers. Sue has authored over 100 books and numerous articles. She is a frequent speaker and is well known across the country in the area of health care law, risk management, and patient safety. Sue has no real or perceived conflicts of interest that relate to this presentation.

Who Should Attend
