

CMS Hospital CoP and TJC Telemedicine Standards: Telemedicine Credentialing & Privileging

Program Overview

Are you familiar with the federal regulations along with the Centers for Medicare and Medicaid Services (CMS) interpretive guidelines of telemedicine? CMS has conditions of participation (CoPs) interpretive guidelines for all hospitals regarding their telemedicine standards. The regulations and interpretive guidelines also impact hospitals accredited by the Joint Commission (TJC). This program will discuss the most problematic standards in the telemedicine interpretive guidelines.

The regulations cover the revised credentialing and privileging process for physicians and practitioners providing telemedicine services. This revised process is less burdensome and, in turn, is now a smaller financial liability for hospitals. Attendees will learn all about the regulations and interpretive guidelines and the responsibilities of the board, medical staff and hospitals to ensure compliance with the regulations and to ensure a hospital's compliance.

Program Objectives

At the completion of this program, the participants will be able to:

- Identify the CMS regulations and interpretive guidelines which are now a part of the hospital conditions of participation (CoPs) on telemedicine credentialing
- Describe how CMS includes a mechanism for all hospitals to use proxy credentialing with Medicare-certified hospitals or other telemedicine entities
- Explain how a hospital has to have a written agreement that specifies the responsibilities of the distant-site hospital to meet the required credentialing requirements
- Identify the Joint Commission (TJC) leadership chapter standards on telemedicine

About the Speaker

Sue Dill Calloway has been a nurse attorney and consultant for more than 30 years. Currently, she is president of Patient Safety and Healthcare Education and Consulting and was previously the chief learning officer for the Emergency Medicine Patient Safety Foundation. She has conducted many educational programs for nurses, physicians, and other health care providers. Sue has authored over 100 books and numerous articles. She is a frequent speaker and is well known across the country in the areas of health care law, risk management, and patient safety.

Who Should Attend

CEO, COO, CMO, CNO, Director of radiology, medical staff personnel, teleradiology professionals, nurse educators, risk manager, compliance and patient safety officers, accreditation and regulatory affairs personnel, and anyone involved in telemedicine services.

WEBINAR

DATE/TIME

Thursday,
October 25, 2018

10:00 AM - 12:00 PM

REGISTER
NOW

PROGRAM FEE

Webinar connection for MHEI Members: \$175

Webinar connection & CD recording of
the webinar for MHEI Members: \$250

Webinar connection for Non-MHEI Members: \$300

Webinar connection & CD recording of
the webinar for Non-MHEI Members: \$375

Registration fee covers one connection per registration.
Multiple participants can view the webinar. Payment must be received
before connection instructions will be sent
