## Program Overview

During this 90-minute webinar, the consulting team at Courtemanche & Associates will provide (1) a brief recap of The Joint Commission's 2023 Standards and Expectations, (2) focused discussion on using the power of your Performance Improvement methodology and data analysis to drive the needed changes within your organization & (3) using project management skills to stay on track.

## Program Objectives

- Identify 2 of the 6 most common Social Determinants and CDC definition
- Understand the role/responsibility of the required assigned leader
- Identify 2 sociodemographic characteristics to analyze within your organization

## About the Speaker

### **Chris Pratt, MS, BSN, HACP, Senior Consultant, Courtemanche & Associates**

Chris Pratt is a Senior Consultant with Courtemanche and Associates with more than 33 years in clinical and leadership experience working in varying healthcare positions from the bedside to the Boardroom. Mr. Pratt graduated with a Bachelor of Science in Nursing degree from the University of South Carolina. Additionally, he earned a Master of Science in Educational Leadership from the University of Memphis in Tennessee where he was inducted into the Phi Kappa Phi Honor Society for academic achievement. He is trained in the use of Lean tools, project management and is a TeamSTEPPS instructor. He holds a certification through the CMS Healthcare Accreditation Certification Program (HACP).

*Continued on Next Page*

*Courtemanche and Associates are pleased to offer 1.5 hours of continuing education credits through the American Nurses Credentialing Center (ANCC) for participants who complete the post course evaluation*

## Target Audience

- Leaders and managers overseeing implementation of the improvement work associated with Healthcare Equity and Disparities.
- Quality and Project Management Leaders supporting the Equity and Disparity Improvement Initiative within their organization
- Individuals whose roles involve quality, regulatory, performance improvement, data analysis, staff education/training
- Anyone who would benefit from understanding the elements of developing and implementing focused improvement work on reducing and eliminating Health Care Disparities
