Program Overview

The Joint Commission (TJC), the Centers for Medicare and Medicaid Services (CMS), and the Centers for Disease Control (CDC) continue to emphasize the importance of Infection Prevention and Control. This program, facilitated by Holly Hampe, D.Sc., FACHE, RN, MHA, MRM, CPHQ addresses the approach of each of these agencies to measuring compliance in the healthcare setting and provides practical approaches in order to increase regulatory compliance.

Program Objectives

1. Describe the survey process for Infection Prevention and Control
2. Discuss the recommendations for High-Consequence Infectious Diseases
3. List two foci for each -TJC, CMS, and CDC
4. Name the two most frequent findings in a survey for Infection Prevention and Control
5. Discuss practical approaches to increase compliance with Infection Prevention and Control standards

About the Speaker

Holly Hampe, D.Sc., FACHE, RN, MHA, MRM, CPHQ

Dr. Holly M. Hampe has over thirty-five years of healthcare experience, with an extensive background in patient safety, quality, risk management, regulatory affairs and teaching. She is a university professor and maintains her level of credibility through board and committee positions in a variety of healthcare organizations. More specifically, Dr. Hampe was a member of the Board of Trustees for the Butler Health System and served as the Chairperson for the Quality and Safety Committee and member of the Audit and Finance Committee and is currently on the Advisory Board of Concordia Villa St. Joseph. In addition, she maintains her regulatory knowledge and applies this

knowledge to mock surveys in healthcare organizations around the country.

Target Audience

The Joint Commission/CMS Coordinator; Chief Nurse Executive; Infection Control Practitioners and members of the Infection Control Committee; Performance Improvement Coordinator and Staff; Department Managers responsible for Infection Prevention and Control; and Staff from Nursing and Ancillaries. Staff from anywhere doing high level disinfecting and sterilization will benefit from this program.

Departments usually include: Imaging, Provider Based Practices (especially urology); OR and Central Sterile; Endoscopy and Anesthesia. Facilities staff will benefit from ventilation, temperature and humidity discussion.

Accreditation

In support of improving patient care, this activity has been planned and implemented by MedStar Health and Maryland Healthcare Education Institute (MHEI). MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation

This activity is approved for 6.0 ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

Credit Designation

This program has been approved for 6.0 Category I RCEC hour, by the MD/DC Society for Respiratory Care.
